My Dear George:-

*I have just been talking
over the phone to Mr. Moore, who
is making my territory during my
sickness. He was telling me of
the deaths of Carl Berkhide and
of your wife. This was such a
shock to me. While I had only met
her the one time you were in my home
town, our hearts had gone out to
her and her family of little ones.
She was so happy with you and her
family.*

George, you have sustained a great loss. and any words that I might write you does not make it any less. But Mrs Jones and I want you to know that our hearts go out to you and your little ones. in loving sympathy. We know your faith, and how, was in One to whom we all can go in such trying times. May your faith in Jesus sustain you in your loss. and keep your heart full of cheer. She has just gone on before, and will be there to welcome all of you, so time shall change you all from this world to where she now is.
